There are **no hidden extra costs** and the program is **self-financing**, no money down, 55% of the balance is due 30 days from shipping date, another 40% is due 60 days from shipping date. The remaining 5% is due 90 days from shipping date. **There are no interest charges!**

Read down the left hand column to the number of recipes your book will contain. Then read across to the column with the number of books you want to order.

(Prices subject to change without notice, but no order will be printed at a different price without prior notification to the customer.) **All orders are subject to 10 percent over-run or under-run.**

Be sure you order enough cookbooks. **Printing additional books later is far more costly than ordering extras with your initial order.**
